If you are allergic to anything on this page, please talk to a member of staff who will be happy to advise you further

Notes:

CELERY is present in our Cajun spice which is in the flour coatings for the chicken and halloumi, there is a chance of cross contamination in our fryers.

GLUTEN is present in many of our products; there is a chance of cross contamination in our fryers.

Tater tots may contain EGGS, chance of cross contamination in the fryers.

+MUSTARD, Cajun spice may contain mustard, also present in mayonnaise.

MOLLUSCS (squid), chance of contamination in the fryers.

SOYA is used to make the oil we use in our fryers.

SULPHUR DIOXIDE is present in the beer we use to make our onion rings, chance of contamination in the fryers.
